

Programme	LIFELONG LEARNING
Subprogramme	COMENIUS
Action Category	MOBILITY
Action	COMENIUS In-Service Training for Teachers and other Educational Staff (IST)
Objectives and description of the action	<p>The objective of this Action is to help improve the quality of school education by enabling staff to undertake training in a country other than that in which they normally work or live. In this way, participants are encouraged to improve their practical teaching/coaching/counselling/management skills and knowledge, and to gain a broader understanding of school education in Europe. The training activity must have a strong European focus in terms of subject matter and the profile of trainers and participants.</p> <p>The training must in all cases take place in another country participating in the Lifelong Learning Programme and it must take the form of:</p> <ul style="list-style-type: none"> • a structured professional development course for school education staff with a strong European focus in terms of subject matter and profile of trainers and participants, lasting at least 5 working days, or • a placement or observation period (e.g. "job shadowing") in a school, in industry or in a relevant organisation involved in school education (e.g. NGO, public authority), or • participation in a European conference or a seminar organised by an ongoing or former Comenius Multilateral Network, Comenius Multilateral Project, an Accompanying Measures project, a National Agency or a representative European association active in the field of school education (excluding "Comenius Contact Seminars") <p>where this is considered conducive to achieving the objectives mentioned above.</p> <p>The training for which grants are awarded must relate to the candidate's professional activities in any aspect of school education, for example:</p> <ul style="list-style-type: none"> - Practical teaching skills, techniques and methodologies - The content and delivery of school education - The management of school education - The system/policy level of school education <p>The training should provide teachers with learning and teaching methodologies. For foreign language teachers, the training normally takes place in a country where the target language is spoken and taught. Participants in "pure language" courses (courses aimed exclusively at developing competence on a foreign language) are eligible for a Comenius grant only in the cases specified in the section 'Specific eligibility rules' below.</p> <p>Job-shadowing should enable the applicant to improve his or her professional competences through a period of observation of, and interaction with, other professionals at work in a different country and to experience another culture and another workplace at first-hand. Job-shadowers normally follow the host professionals throughout their working day, undertaking structured observations of, and reflections on the content of the job, the challenges faced, the competences used, the school/company culture, etc. Job shadowing can also involve interviews, carrying out professional activities (e.g. teaching), participation in daily meetings, etc. A programme of job-shadowing is to be agreed mutually by the applicant and the host institution, based upon the professional competences that the applicant needs to practice and develop.</p> <p>Grants are only awarded for participation in training which is suitable for achieving the applicant's demonstrated in-service training objectives and which complies with the necessary quality criteria (e.g. appropriate to general Comenius objectives, European dimension and added value compared to training in the applicant's home country).</p> <p>An on-line database of training activities, known as the Comenius-Grundtvig Training Database, is available to help applicants identify training which is eligible for funding under this action and which best meets their training needs: http://ec.europa.eu/education/trainingdatabase/</p> <p>However, applicants may also choose a training course which is not listed in the database, provided that it meets the necessary criteria. This will be determined by the relevant National Agency. Choosing a training event from the database does not guarantee being awarded an IST grant.</p>
